

Polycom® SoundStation®

The conference phone that set the standard

Highlights

Acoustic Clarity Technology – Allows simultaneous natural conversation – the industry's best full duplex

360-degree room coverage – A powerful, digitally-tuned custom speaker and three sensitive microphones provide uniform coverage of a small conference room or office

Proven performance – Installed and used worldwide by most major companies

SoundStation expandability – We offer two external microphone ports and optional extended microphones for additional coverage and greater microphone pick-up

Easy-to-install and use – Start conferencing in minutes!

Why settle for an ordinary, handset speakerphone when you can use a SoundStation? Unlike other speakerphones that only allow one person to talk at a time, Polycom's breakthrough, Acoustic Clarity Technology lets you have natural, free-flowing two-way discussions. Conference calls are not only more productive, but also much more efficient.

While on a conference call, have you ever tried to interrupt someone who was making a point you did not agree with? Well, SoundStation enables you to speak at the same time as someone else so you don't have to wait for them to stop talking before you can break in. The result is less frustration and more efficient calls.

Make a sound investment in better business communications. Choose SoundStation for basic conferencing in small and medium size rooms.

An ideal choice for The Polycom Office™

With integrated video, voice, data, and Web capabilities, The Polycom Office is the only solution that offers you an easy way to connect, conference, and collaborate any way you want. The Polycom Office is our commitment to making distance communications as natural and interactive as being there. Work faster, smarter, and better with the SoundStation and The Polycom Office.

Voice

Connect. Any Way You Want.

Console

Size

- 12.4 in x 11.9 in x 2.3 in
(31.5 cm x 30.2 cm x 5.8 cm) (L, W, H)

Weight

- 1.55 lbs (0.7 kg)

110-Volt wall module

Size

- 5.7 in x 2.7 in x 1.9 in
(14.5 cm x 6.8 cm x 4.8 cm) (L, W, H)

Weight

- 1.5 lbs (0.68 kg)

220-Volt universal module

Size

- 7.7 in x 3.2 in x 2.4 in
(19.6 cm x 8.0 cm x 6.0 cm) (L, W, H)

Weight

- 1.3 lbs (0.6 kg)

External microphone module

Size

- 3.5 in x 3.4 in x 0.87 in
(9.0 cm x 8.6 cm x 2.2 cm) (L, W, H)

Weight

- 0.25 lbs (0.1 kg)

Localization capabilities

- Country specific power and telephone adapters

Environmental Requirements

Temperature

- 5° to 40° C operating

Humidity

- 20% to 85%, noncondensing

Recommended room conditions

Reverberation time

- < 0.4 seconds

Noise level

- < 48 dBA

Part numbers

SoundStation base unit

- 2200-00106-001

SoundStation EX without extended microphones

- 2200-01423-001

SoundStation EX with extended microphones

- 2200-00696-001

(North American part numbers only – please call for more information on international products.)

Warranty

- One year
